

Whispering Seed

Annual Report 2025

Nurturing New Hopes for our next generation

The past year has brought many challenges, and with them, opportunities for new growth. While much of Myanmar continues to face political instability, armed conflict, and humanitarian distress, we are still finding pockets of possibility where our work can continue.

Through our two learning centres, **Sprouting Seeds** and **Whispering Earth**, we are nurturing new hope, skills, and opportunities for teachers and youth.

Our programs support the next generation to grow compassion, resilience, and practical tools to meet the challenges ahead.

We are deeply grateful for your continued support of the communities we serve here in Myanmar.
